

supplier audit

audit plan

Audit number:	LA_XXXX_MMYX_XX	Auditing company:	BigRep GmbH (BR)
Audited company:		business areas:	
Location:			
Lead-Auditor:		Co-auditor:	
Specialist:		Date:	

occasion

This supplier audit has been scheduled to check the status of the supplier and to conclude actions of the previous audits. In addition, company changes and changes in the quality management system are to be audited.

audit goal

To improve the cooperation between BigRep and the suppliers and to improve the product quality, BigRep regularly audits the suppliers. The aim of the supplier audit is to record the current process difficulties and to identify possible improvement actions. Secondary objectives of the supplier audit are to discuss updates of the mutual company statuses and changes to the quality management system and, if necessary, to review them. In addition, actions from previous audits are to be reviewed and completed. Through supplier audits, BigRep strives for a positive continuous supplier development (continuous improvement process) to supplement quality and efficiency with consistently good supplier performance.
